

ANNUAL REVIEW 2022

A LETTER FROM OUR FOUNDER & CEO

Dear friend,

In 2022 we certainly experienced the provision and providence of the Lord continuing to abundantly bless Rescue America with faithful volunteers, divine partnerships, generous supporters and prayer warriors to strengthen our fight for survivors. 2022 was a record-breaking year! **The Rescue hotline call volume increased by almost 200% with calls coming in from 264 cities across America.** With 15 Outreach Hubs nationwide, volunteers placed 13,664 outbound calls offering a message of hope while distributing the hotline number. Thank you to each volunteer who reached survivors by calling their online ads as well as those who served on the frontline to answer the call of a survivor ready to leave the life!

As we serve survivors from coast to coast, we seek the Lord to make a way. Towards the end of 2021, the Lord began showing a national placement strategy through partnerships with leaders and safe homes across the country. He then sealed this strategy by providing a partnership with Southwest Airlines which provides for us to fly survivors anywhere across the nation, using E-passes they have generously granted us, providing survivors space to heal...far from their exploitative situations.

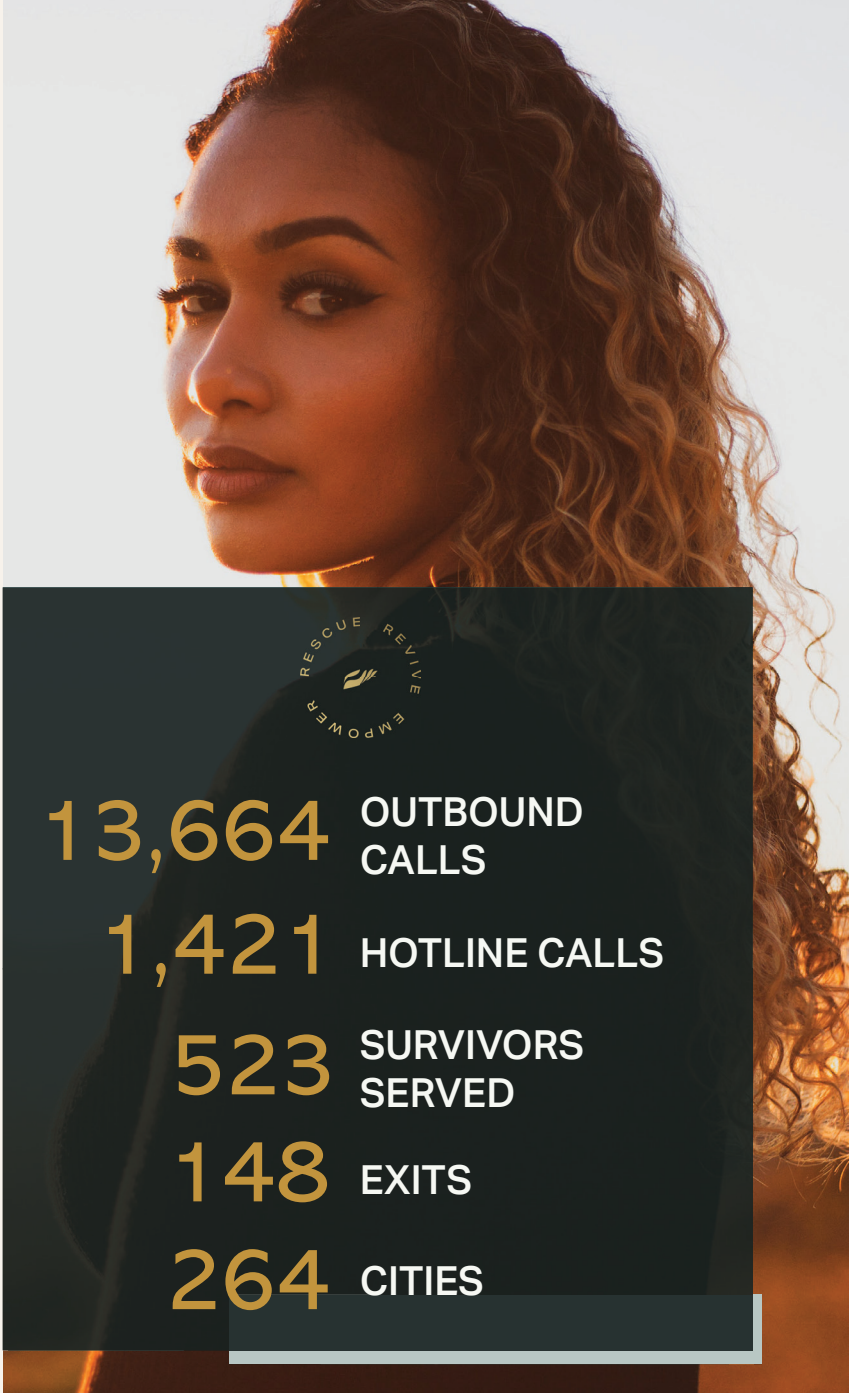

Last year was not only record-breaking, it was the start of our eyes being opened to deeper levels of darkness, serving those who have been Satanically Ritually Abused (SRA). We continue to stand on the truth that the Lord is greater and the deliverer of all evil, and believe the Lion of the tribe of Judah will roar at new levels to set the captives free. Serving these individuals requires a deeper level of obedience and dependence on the guidance of the Holy Spirit than ever before. Please pray for our team and these survivors; pray that they will hear the voice of God and that His truth will set them free.

Thank you for the ways you have made freedom possible for those who had lost all hope. Together, we will continue to rescue, revive and empower the sexually exploited across America. We pray that freedom will reign for all, in Jesus' name!

A story from an Outreach Hub

A survivor and her two children called our Rescue hotline from her trafficker's apartment. She had once tried to take her kids and leave the life with hopes of returning to her family, but they did not prove to be safe, and she ultimately returned to her trafficker. Just two months later, **she received a voicemail from an Outreach Hub, and learned about our Rescue hotline as well as the opportunity for her and her children to leave the life altogether.** When she first called, she wasn't able to stay on the line for long because her trafficker walked into the room, but she was determined to get help, and she called back the next morning. Our Exit Strategists were able to connect her to a program for mothers and children, and within days, they were able to drive to freedom, away from her exploitative past! **They are now safe and healing.**

Join the army in 2023

It takes an army to fight for survivors' freedom, and that army is rising. God has called together a remnant across the country to rise up in unity and partnership to serve by truly linking arms. Each organization is owning its assignments in this battle from outreach, rescue, emergency care, and long-term safe homes. As we serve survivors together, our prayer is that John 17:21 would be seen through us - that the world will recognize Jesus, and that survivors would experience an encounter with the one and true living God.

In 2023 we believe that outbound calls placed through our Outreach Hubs will continue to increase, and it is our goal to launch 10 new hubs across the country. As we experienced last year, the hotline call volume doubled and in 2023 it will continue to increase by 30% from our strategic partners alone. As the hotline increases, we will strengthen the frontline by tripling the number of hotline advocates who answer the calls, and finally, through the relentless work of our incredible volunteers and divine partnerships, we expect a 35% increase in survivor exits.

As you can see in the map below, survivors are calling from across America. While we are serving more survivors than ever, there are still hundreds of thousands of victims of sexual exploitation in our nation who need our help and God is calling us to rise up like never before on behalf of the enslaved. **Will you rise with us and make a difference in the lives of survivors?** We will, together, continue carrying the mantle of rescue until freedom reigns. Visit rescueamerica.org/get-involved to make a life-long impact now.
