

A Miraculous 2023!

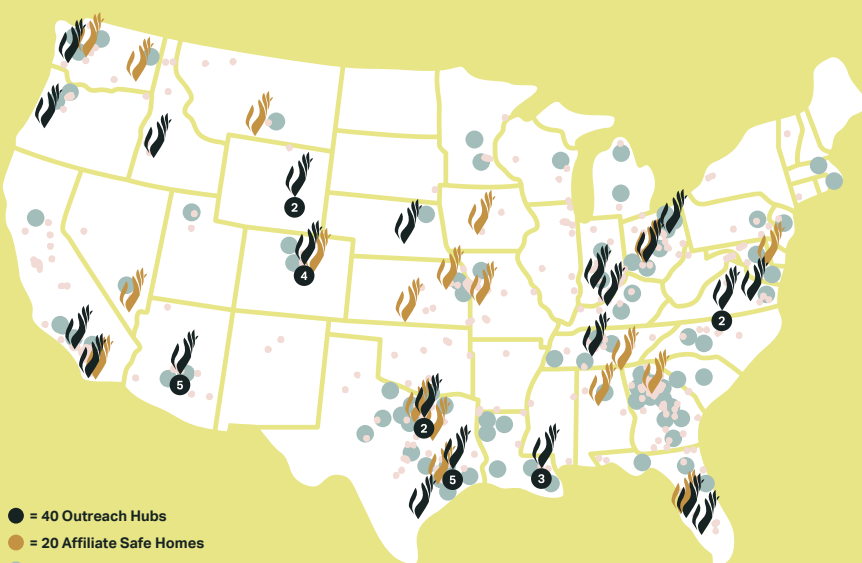

As we reflect back on 2023, we realize this year was another historic year — a record-breaking success. Yet, it wasn't just about the numbers; it was a season where the Lord breathed on strategies originally released 9 years ago. Our Rescue America Outreach Hubs caught on fire, and spread from 15 locations to 40 locations in 2023 alone. Thus, nearly 39,000 outbound calls went out all across America sharing a message of hope and

freedom with our hotline number to those trapped in the darkness of sexual exploitation! The Lord also opened the door for Rescue America to formalize the undergirding of our incredible Affiliate Safe Home Partners across the U.S. through launching our Central Support model, which is providing funding, spiritual equipping and Kingdom strategies to serve those that have experienced some of the darkest forms of trafficking such as Satanic Ritual Abuse.

Last but not least, was the miraculous hand of God showing up to so many survivors during their journey to exit. A few of the moments included being encountered by angels, being divinely hidden by the Lord, and experiencing miraculous healings on body parts they never dreamed would be the same again. The above was all made possible because of your support in 2023, and we invite you to continue to journey with us into 2024 as we anticipate God's continued breath upon these strategies, divine partnerships and healings.

Hope Revived

We have been seeing the hand of God healing survivors and restoring lives; spiritually, emotionally and physically. The power of God has been deeply evident as we have been seeing survivors with unimaginable physical trauma being fully restored. As the survivors are coming into our care; we are seeing the Lord open doors at new levels to pray for and with them. Recently, on our Hotline and in an Affiliate Home we had the honor of seeing survivors encounter God's love through physical healings. They experienced the miraculous as they saw God heal internal and external organs as well as remove the scars that should have forever been a reminder of their abuse. We celebrate and give God all the glory of His hand of radical healing in these survivors' lives as He restored their bodies back to their original design leaving no signs of abuse.

Miracle Rescue

On Thanksgiving Night, our 24/7 Rescue Hotline received a distress call, that would be one of the most miraculous rescues thus far in the history of Rescue America. The situation was critical: a survivor, in the throes of active labor and barely clothed, braved -21 wind chill temperatures in a wooded area while fleeing for her life, desperately evading her traffickers who were circling the survivor in a vehicle as well as searching on foot. The four traffickers persistently sought to reclaim their victim. Our Exit Strategist remained in constant contact with her for an intense five hours – offering strategy, prayers, guidance, comfort, reading scripture over her, and coordinating with a friend of the survivor to ensure her safe passage to a local hospital. Meanwhile, our dedicated Rescue America team prayed tirelessly through the night, seeking an opportunity for her escape. This harrowing night culminated in a miraculous escape: the survivor seized an opportune moment to dash unnoticed into the escape vehicle, and was swiftly transported to a hospital for critical medical attention. The traffickers, although very close by, never saw her run and did not pursue. Throughout this ordeal, we witnessed a manifestation of supernatural protection and the love of God, as demonstrated in Psalm 91. She was hidden, she was saved, and she was rescued by the Almighty hand of God.

“I have been working in the Anti-Trafficking landscape for the last 17 years and the partnership with Rescue America is one of the closest I have been a part of! I am grateful for all they provide and offer Affiliate partner home(s). My team has loved the weekly investment of Central Support. We look forward to working with them in greater ways in 2024.”
